The Art History minor offers introductory and advanced level courses in art from pre-history to the present. The visual arts are studied in relation to their cultural values and beliefs as well as to the unique perceptions of individual artists. An Art History minor is a valuable and creative complement to any other program area (open to all majors except Art History B.A.).

**Career Possibilities**

Now more than ever, earning an art degree can lead to a number of exciting career fields. As new technologies develop and influence our society, new jobs are emerging for all types of creative individuals. Art History students pursue careers as diverse as archivist, art dealer, art historian, conservators, curator, gallery owner, museum technician, art educator.

A minor shows potential employers that you put in extra effort and have a spectrum of interest areas. Furthermore, a minor can cultivate new skills and encourage you to think in ways that may seem unconventional in your major field. Unconventional thinking can lead to creative problem solving.

**Scholarships**

Departmental scholarships are primarily awarded to Art & Design majors only; however, any student can submit creative pieces to the Student Exhibition each spring, which does include several small scholarships for outstanding selected artwork/art research.

**Student Clubs**

Student clubs in the Department of Art & Design vary each year according to interests but typically include an Art Education Club, Student Photography Cooperative, Mud Guild (Ceramics Club), Art History Symposium, Media Arts Club, and Student...
Design Organization (SDO).

Requirements

The Art History minor is open to all majors except Art History B.A.
