**This program has been discontinued and is no longer accepting new applicants.**

**Why UMD**

The mission of the program is to produce scholarly practitioners that can critically engage with the important questions in educational administration today. Our graduates articulate a clear vision of successful leadership and actively demonstrate a commitment to ensuring quality educational experiences for all teachers and students.

**Acquired Skills**

- Acquire greater content knowledge in administration at site and district levels.
- Develop abilities for research in the field of educational administration.
- Evolve a broadened professional background in areas related to systems, safety, assessment, and human interactions resulting in greater administrative acumen.
- Increase levels of cultural competence.
- Acquire Principal or Superintendent Licensure and an Ed.S. Degree.

**Career Possibilities**

- K - 12 School Principal
- K - 12 District Superintendent
