Why UMD

The Environmental Education graduate certificate is designed primarily for teachers and interpretive naturalists, but is open to anyone with a bachelor's degree and an interest in pursuing a career as an environmental educator.

Requirements

Applicants to this program must already have earned a bachelor's degree. In addition to the general application instructions provided by the Graduate School, visit the Environmental Education graduate certificate page for instructions specific to the program. See the course requirements link in the left sidebar for additional information.
